

Replacement Sheet

Application # 10/708,789

Invention Title: Fishing Reel Threading Tool

Inventor: Harry John Maxwell

Filing Date 25 Mar 2004

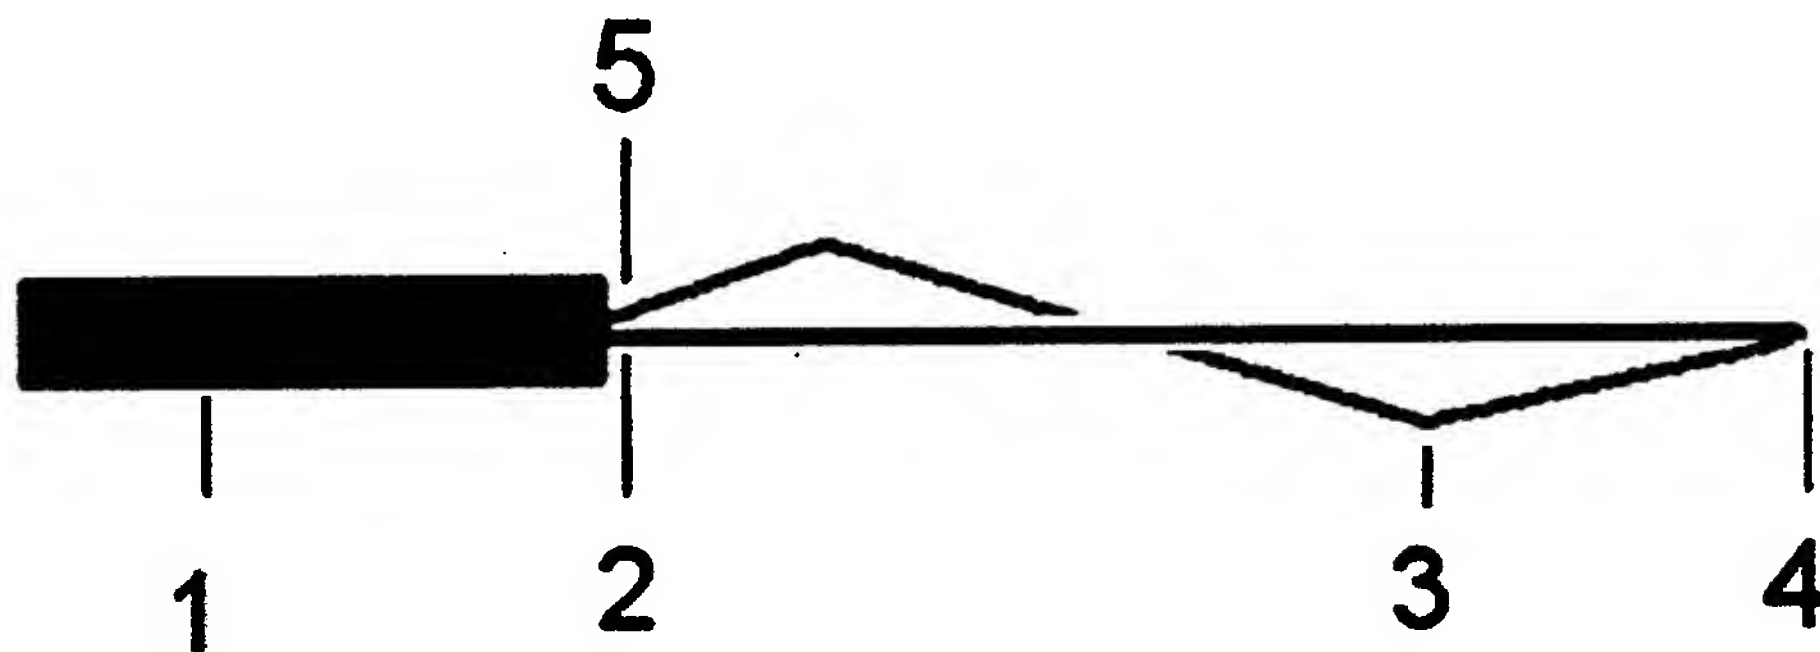

Remove Figures 1 and 2

Replacement Figure 1

Figure 1

Inventor: Harry John Maxwell

Application Number 10/708,789

Remarks:

Figure 1 is replaced to more clearly identify the components and to comply with 37 CFR 1.84.

Replacement Sheet

Application # 10/708,789

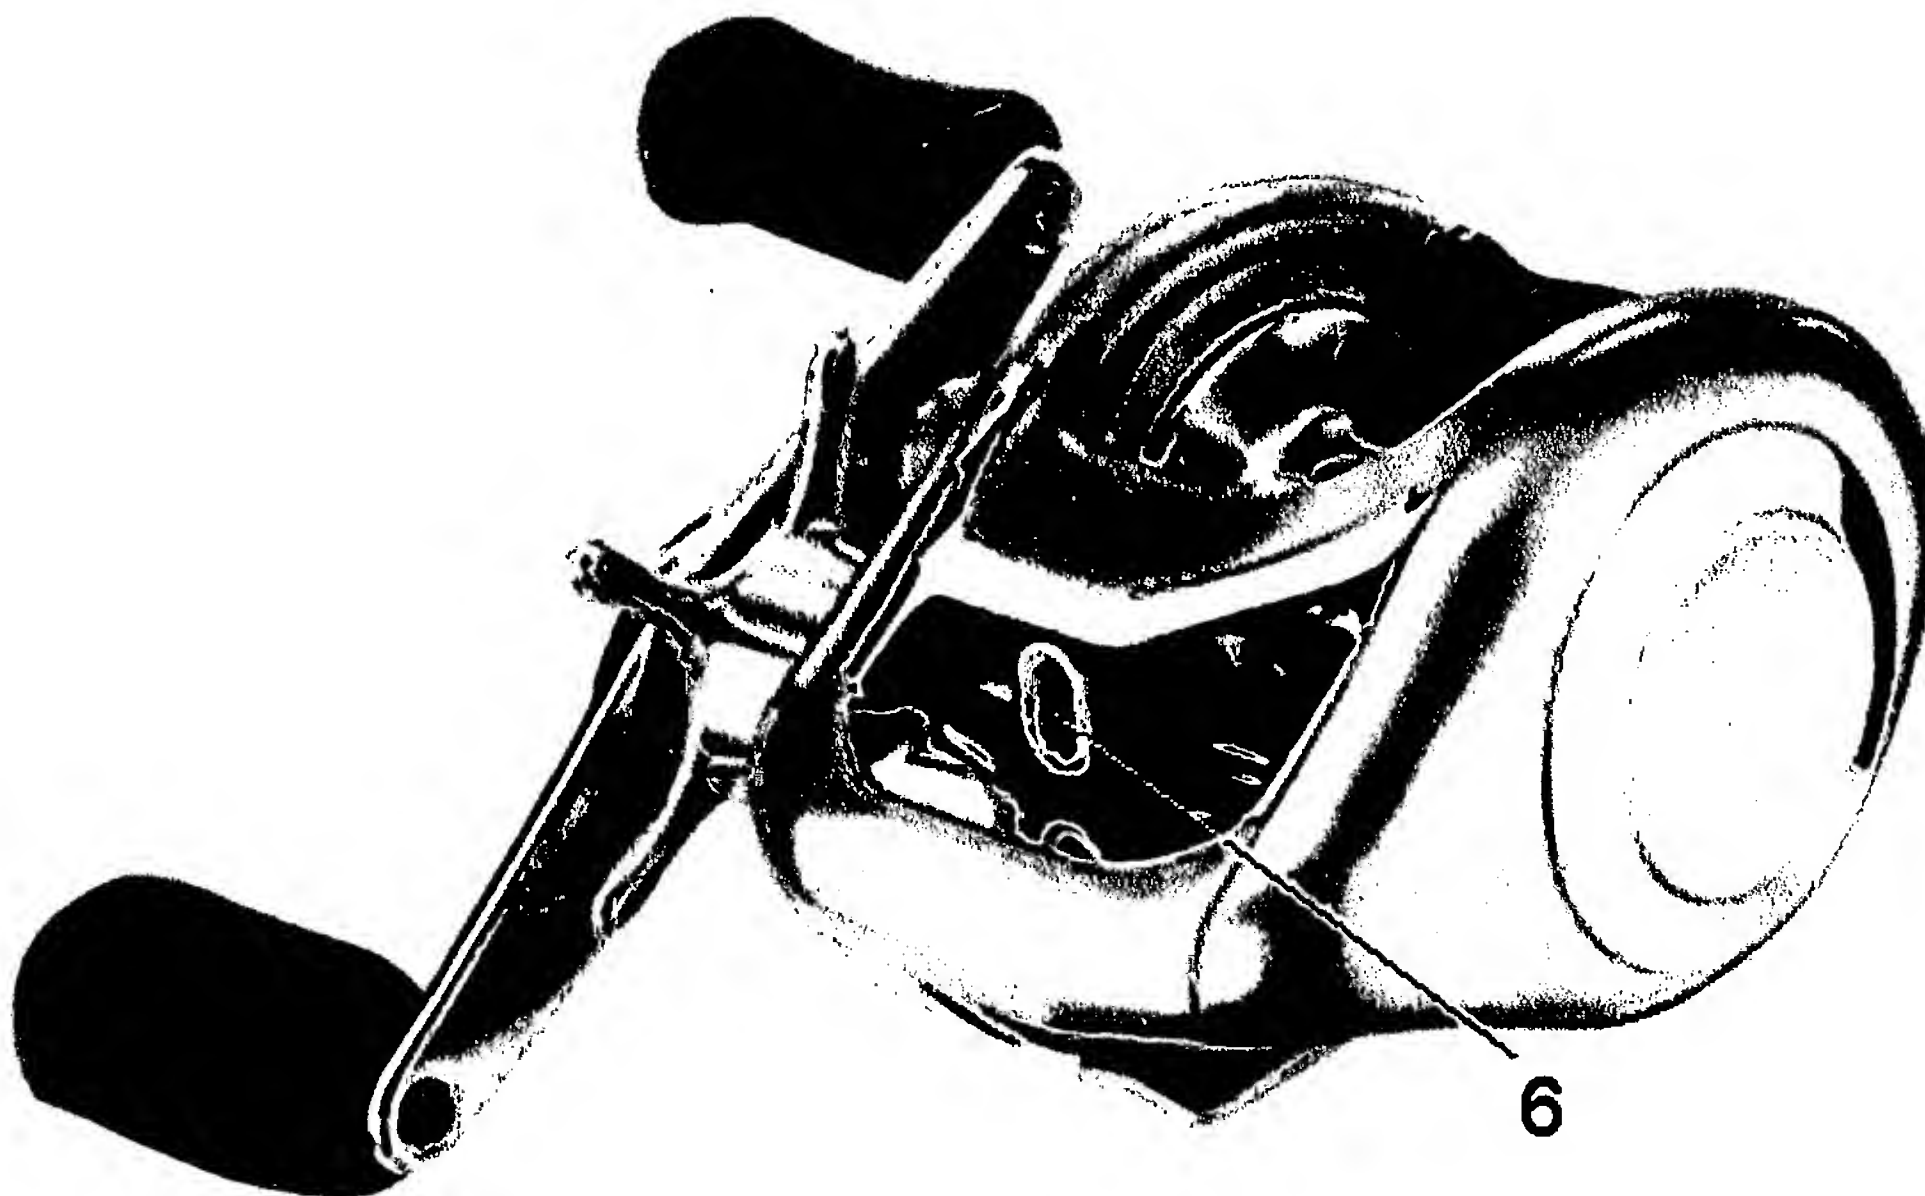

Invention Title: Fishing Reel Threading Tool

Inventor: Harry John Maxwell

Filing Date 25 Mar 2004

Replacement Figure 2

Figure 2

Legend: Prior Art image of a typical level wind equipped fishing reel submitted with application number 10/708,789.

Remarks:

A new Figure 2 has been submitted, identified it as prior art, and put in compliance with 37 CFR 1.84. It has been annotated to reflect the component that has relevance to the patent submission. All other annotations have been removed.
